TERMS AND CONDITIONS OF SALE.

SPECIAL EXPRESS RATES—We have obtained from the Southern Express Co. a special express rate on seeds shipped from us to our customers. The special rate is equivalent to a reduction of about one-third from the regular rates, and on shipments of less than 30 pounds we can in most cases ship by express cheaper than by freight.

GUARANTEE—While we exercise every precaution to have seed pure and fresh, and hold ourselves liable under this guarantee to refund original price in case of default, but no more, we do not guarantee perfect stands or good results, as this depends upon the elements and natural causes over which we have no control.

TERMS—Cash with order. Goods can be sent c. o. d. when order is accompanied by 25 per cent of the amount.

RELIABLE SEED.

The seed offered in this list are all carefully grown, and varieties and strains selected that we have, in our own experience, found to succeed best in the lower South. Those purchasing seed from us may feel assured of getting only the best quality. Careful tests are made from each variety and only seed used that are known to be pure and fresh.

That better results can be obtained from planting such seed can easily be appreciated by all careful thinking farmers and gardeners.
